### **Site Supervisor**

BeneTerra is a niche environmental services provider able to deliver practical, cost-effective environmental solutions to clients in the energy, industrial, agricultural, and public sectors. A position has become available in the land care side of our business to supervise our rehabilitation and remediation projects. The position is DIDO or FIFO (depending on location) working a roster of 10 days on and 4 days off.

#### **Duties and responsibilities include:**

- Management and coordination of operations and employees with a focus on safety and quality
- Planning and execution of projects to ensure targets are met
- Supervising subcontractors including machine operators, technical advisors, and general staff on the project sites
- Reporting to the Project Manager on the progress of projects
- Providing a schedule of works for the weeks ahead
- Liaise with clients, managers, employees, and suppliers

#### **To be successful in this role you will have the following:**

- Minimum of 2 years in a similar role involving supervision of a variety of personnel and situations.
- Competence in leading people with the ability to interact, manage and coordinate staff
- Effective communication skills with the ability to develop and maintain strong customer relations
- Effective problem-solving capabilities with a strong safety and quality ethic
- Effective computer skills particularly in use of Microsoft products and competency in simple report writing and communication.
- Ability to read and interpret plans
- Blue or white card in construction

#### **The following skills or experience will be highly regarded:**

- Previous experience in the resource sector
- S1, S2 & S3 certification
- Operate and maintain a 4WD vehicle qualification
- Competent and ticketed in operating various civil construction machines
- Experience in supervising rehabilitation works
- Background in natural sciences

The successful candidate will reside in either Toowoomba, Lockyer Valley or Brisbane West regions. BeneTerra's workshop is located in Crowley Vale, QLD.
